Candidate's Statement (reproduced exactly as submitted):

Serving on the Soldotna City Council over the last year has been a great experience. What better place to be a public servant than in the community that has shown me how to be a productive member of our society. Being raised here, I have gone to our local schools, participated in our sports programs, enjoyed our vast recreational resources, taken college courses, and worked in our industrial and commercial trades. Soldotna is my home of choice.

My wife, Stephanie and I have lived in Soldotna most of our lives. We cannot think of a better place to raise our three children. We have found public service to be an excellent way for us to help ensure that our city will continue to be a great place to raise families and earn a living.

If re-elected, I will continue to put the needs and wishes of Soldotna residents first. As a City Council Member I plan to continue serving our residents by supporting public safety, encouraging economic growth, and responsibly utilizing our local resources. Soldotna is a unique and wonderful place to live, and I would love to have the chance to help keep it that way.
